

In-store impulse-generating merchandiser

Multi Deck 24 - 4 level

Placing impulse food products near checkouts has proven to be a successful strategy in today's grab-and-go market. With the Fri-Jado Multi Deck, your customers can pick up delicious, hot, pre-packaged snacks and meal solutions practically anywhere in the store.

Hot air is blown from the front of the shelf and circulates within the shelf surface resulting in optimum air circulation around the hot product.

Large glazed walls give a 180-degree view of the products. The appealing design gives outstanding product presentation which is sure to boost impulse sales.
